Scope of the accessibility statement

Marni undertakes to make its website <https://www.marni.com/it-it> accessible, in accordance with Italian Law no. 4 of 9 January 2004. This accessibility statement refers to the aforementioned website.

Innovative and multifaceted, MARNI has been celebrating individuality using a precise yet unconventional language since 1994. Set apart by its experimental use of materials, textures and colours, the brand creates collections that showcase artisanal authenticity while embodying sophistication, originality and contemporary elegance. Marni cares about all its customers and is committed to facilitating and improving the accessibility and usability of its website, [www.marni.com] (the "Website"), ensuring that the services and content on the Website are accessible to people with disabilities, including, but not limited to, users of screen-reading technology.

We are committed to making our website, www.marni.com (the "Website"), fully accessible, ensuring respect for the principle of equal treatment and the right of persons with disabilities to access services and digital content.

Our aim is to provide an inclusive user experience, removing barriers to use and ensuring that the Website is perceivable, usable, understandable and robust, in accordance with the principles set out in the legislation.

Details of the evaluation methodology

The evaluation was carried out on the website with the "UsableNet Assistive" solution activated, with reference to version 2.2 of the Web Content Accessibility Guidelines (WCAG) at Level AA.

The analysis involved a combination of

- advanced automated tools (UsableNet AQA)
- review of code compliance with regard to WCAG 2.2 AA
- testing with assistive technology including (but not limited to) use of Screen Readers, keyboard-only navigation, screen magnifiers

The analysis concerned the fundamental flows of the website, in particular the pages representing the templates used within the website.

Compliance Status

Based on the analysis performed, the website partially complies with the accessibility criteria of the WCAG 2.2 – Level AA standard.

Marni undertakes to take the necessary corrective actions to remedy the aspects identified during the analysis.
